GIRLS! LEMONS  
BLEACH; WHITEN

Make Lemon Lotion to Double  
Beauty of Your Skin

Squeeze the juice of two lemons of Orchard White which can be had at any drug store, shake well and you have a quarter pint of harmless and delightful lemon bleach for few cents.

Massage this sweetly fragrant into a bottle containing three ounces lotion into the face, neck, arms and hands each day, then shortly note the beauty of your skin.

Famous stage beauties use lemon juice to bleach and bring that soft, clear, rosy-white complexion. Lemons have always been used as a freckle, sunburn and tan remover. Make this up and try it.

## Sickening Discovery.

The teacher had read a chapter from "The History of the American Revolution" and Raymond had then heard the word "breastworks" for the first time. Telling his mother the story when he got home, he said: "When the British got up in the morning and saw the Americans on the opposite side of the hill, they threw up their breakfasts."—Boston Transcript.

MANY TEACHERS FAIL TO PASS  
EXAMINATION

Of the 2,402 teachers who took the examination for teachers' certificates, in Kentucky, 1,182 failed to pass, 541 were granted first-class certificates and 679 second-class certificates. The figures show that 51 per cent. passed the examination and 49 per cent. failed.

The failure of so large a per cent is due to the fact that teachers are deprived of scholarships in training schools. Heretofore rural teachers have been so poorly paid for their services that it has been impossible for them to lay aside enough money with which to receive training in teachers' training schools.

Progressive States have adopted the plan of bringing the training school to the teacher by providing one-year teachers' training course in each county. While Kentucky is far behind along this line the time is not far distant, according to Superintendent of Public Instruction George Colvin, when teachers' training courses will be established in a high schools in each county in the State.

## Tag Your Books.

Many book lovers with large and precious libraries keep a small book with the name of each book lent, the date and the borrower. After a reasonable time, when the book has been lent, it is no discourtesy to write and remind the borrower that you miss your book friend and are waiting to welcome it home. Get a bookplate. That is the very best way to tag your books. And don't forget that the golden rule applies in books as in other phases of life, and return the ones you borrow yourself.

WITNESS AFTER  
WITNESS IN PARIS

Such Evidence Our Readers Cannot  
Dispute.

As we take up THE NEWS week by week, we are struck by the hearty, unmistakable way in which witness after witness speaks out as Mr. Rankin does here. If these people were strangers living miles away, we might take little notice of them. But they are not. They are our neighbors, living among us. Their word is too easily proven to admit of any doubt. They speak out in the hope that their experience may be a guide to others.

Floyd H. Rankin, grocer, Lileston avenue and Lucas street, says: "I have used Doan's Kidney Pills off and on for years and have been greatly benefited by them. At times I have suffered severely with kidney complaint. My back often pained and was lame most all the time. The kidney secretions were too frequent in passage and greatly annoyed me. Whenever I have been this way, I have always found that a box of Doan's Kidney Pills has never failed to cure me of the attack in short order."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Rankin had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## WE KNOW THIS FELLOW

I'm the guy who never hands back a borrowed pencil. When I get through using it I just stick it in my pocket and walk away. I may want to use it again and if you need one you can buy another.

I make it a practice never to carry one because that gives me an excuse to write down addresses and telephone numbers with yours. Then I take it home or to my office and leave it there.

I may even borrow your knife to sharpen the pencil before I take it away with me. I like to try it first and see how well it writes so I'll know whether it's worth keeping or not.

Pencils are common property anyway, like matches or cigarettes or umbrellas. Besides, possession is nine points in law and a pencil having one, makes ten. You ought to be grateful to me for not borrowing your fountain pen. I would, only it's too much trouble borrowing ink to fill it.

## LIFT OFF CORNS!

Doesn't hurt a bit! Sore corns  
lift right off with fingers.

Magic!

Costs few cents! Drop a little Freezone on that touchy corn, instantly that corn stops hurting, then you lift it right out with the fingers.

Why wait? Your druggist sells a tiny bottle of Freezone for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without soreness or irritation. Freezone is the much talked of discovery of a Cincinnati genius. (adv)

## GAS WELL "GIVES OIL"

(Ashland Independent)

For the past several months a gas well in the Martin county field has been producing a revenue of several hundred dollars per month for its owners. Recently oil has caused trouble and the gas revenue has greatly diminished. Now, one of the officers of the company owning the well and who resides in Ashland received the following letter from the owner of the land on which the well is situated.

"June 17, 1920.

"Dear Sir:

"I want you to come right away and see what is the matter with your gas well. We do not get enough gas to cook with and when we turn it on, oil runs all over the kitchen floor. Now don't send anyone to attend to this matter, but come yourself, as we cannot do anything for so much oil, and ours is a gas stove only."

"The official referred to is Da. V. V. Adkins and we trust he will have to wade in oil knee deep in order to get to the well."

We have miracles even in this age. Every once in a while a yellow-leader grows up and amounts to something.

Economy That Proves  
Correct Design

Yosemite Run Gives Conclusive Evidence of Quality  
Construction and Economy of Triplex Springs

THE REMARKABLE OVERLAND VICTORY in the 355-mile Los Angeles-Yosemite Economy Run registers another triumph for scientific light weight and the easy riding Triplex Springs. The winning Overland stock touring car registered an average of 35.1 miles per gallon throughout the entire mountainous trip. This is, of course, better than average Overland mileage, but it is gratifying to drive a car whose design insures the best use of every drop of fuel.

## —Said the City Builder

"I am proud of my town," said the City Builder, "and I want to see it grow."

"I don't 'knock' its public utility companies; I want to see them prosper, because the town can't grow unless they can grow, too."

"I try to be as reasonable when dealing with a public service company as I would be with any other business institution in town, and I don't expect their operation to be 100% perfect all the time, because I have never yet found any human or any machinery, in any line of business, that was absolutely infallible."

"And when I have a complaint to make, for instance, about the telephone service—I do my complaining to the telephone company!"
